A red Toyota Auris Hybrid is shown from a rear three-quarter view, parked on a paved surface. The car's license plate reads 'AURIS HYBRID'. In the background, there are green trees and a city skyline with various buildings under a clear sky. Another white Auris Hybrid is partially visible on the right side of the frame.

UPLIFTING EFFECT

Love driving with hybrid.

Get behind the wheel of a new Auris Hybrid and you're sure to fall in love with driving again. From the moment you set off, a hybrid puts a big smile on your face, soothing away the stresses of busy traffic giving you a quiet, smooth drive. You'll love its responsiveness too, encouraging you to explore the open road and the joy that freedom to roam can bring. Driving a hybrid is intuitive, just get in, start the engine and press the accelerator. It really is that easy. Every hybrid adventure begins this way: where will you choose to go?

Models shown: Auris Hybrid Luna Sport.

A man in a blue blazer and a woman in a pink trench coat are walking on a cobblestone street in a city. The man is in the foreground, looking to the right. The woman is in the background, walking away from the camera. The street is lined with buildings and trees.

ATTRACT ATTENTION

Designed to be desirable.

The new Auris has a fresh and attractive look. Whether it's the bold, finely styled new headlamps, or the dynamic design front and back, new Auris is a car that'll brighten your day from the moment you set eyes on it. Thanks to a wider, confident stance on the road, combined with a distinct sporting flair to the design, it visually expresses how every journey is more enjoyable in an Auris. And with an Auris Touring Sports available featuring ample luggage space of up to 1,658 litres and superb versatility, you can enjoy the style of new Auris without compromising on your needs.

Model shown: Auris Luna.

DESIGNED FOR YOU

Comfort and style within.

New Auris has a clear focus: you, the driver. With an innovative integrated dashboard, it effortlessly mixes intuitive functionality with a stylish design that will captivate you from the moment your hands touch the steering wheel. At its heart is the seamlessly integrated Toyota Touch® 2 with 7" screen, your window to a whole world of music and multimedia features. It works seamlessly with a new 4.2" colour TFT screen in the instrument panel that displays trip data and Toyota Safety Sense information*. Together, they make driving safer and more enjoyable.

Model shown: Auris Sol.

Control your own music via the Toyota Touch® 2 screen. Connect your devices remotely from Bluetooth® or through a USB socket. Album, artist and track information are displayed on screen for your convenience. Standard on Auris Luna, Sol and Luna Sport grades.

A new 4.2" colour TFT screen in the instrument panel displays trip data and Toyota Safety Sense information*. Together with Toyota Touch® 2, they make driving more enjoyable. Standard on Auris Luna, Sol and Luna Sport grades.

Keep in touch safely with Bluetooth® mobile phone connection. Connect up to five mobile phones, see your SMS messages on screen and access your phonebook. Bluetooth® mobile phone connection is standard on all Auris. Text message display is part of Toyota Touch® 2 system on Auris Luna, Sol and Luna Sport grades.

Take the stress out of reverse parking. On the colour screen you'll see exactly what's behind you when reversing, with static guide lines to make manoeuvring easier. Standard on Auris Luna, Sol and Luna Sport grades.

* Toyota Safety Sense is standard on Auris Luna, Sol and Luna Sport grades.

Model shown: Auris Touring Sports – Hybrid Sol with optional Simple Intelligent Park Assist (Simple IPA).

SPACE AND HARMONY

The appeal of roominess.

Toyota strives to make every journey better, and at the core of that aim is your comfort. New Auris features comfortable seats, and an interior trimmed with rich, quality materials. The spacious interior of Auris immediately puts you at ease, and with the optional Toyota Skyview®, you can let the natural light flood in. The Easy Flat system*, which allows you to fold the seats at the touch of a button, and numerous storage options mean the new Auris is emphatically practical. And if it's even more space you're after, the Auris Touring Sports offers even more luggage space, with a 2-way tonneau cover[§] and a partition net included[§].

* Auris Touring Sports only.

§ Standard on Auris Touring Sports Luna and Sol grades.

Model shown: Auris Touring Sports – for illustration purposes only.

RAISE YOUR SPIRITS

An engine for everyone.

New Auris features three advanced engine options for a drive you'll love: hybrid, petrol and diesel, providing the ideal solution for every driver. Calm, quiet and smooth, the responsive hybrid powertrain leaves you feeling relaxed and refreshed on every journey. In addition to the hybrid, 1.4 D-4D and 1.33 petrol, the Auris is now available with a new 1.2 turbo petrol (1.2 D-4T) engine. It possesses the excellent economy you might expect from one so small; but the sparkling performance and low-end torque might just surprise you. With superb handling and hushed refinement, the new Auris is a car you'll look forward to driving, every day.

Power	Fuel consumption*	CO ₂ emissions*	Acceleration from	Available on

* Combined cycle for hatchback body type.
[§] Touring Sports body type available.

Model shown: Auris Luna Sport.

TOYOTA SAFETY SENSE

Keeping you in safe hands.

In the new Auris, safety has been raised to new levels. Toyota Safety Sense adds advanced active safety systems for an even safer and more relaxed drive. Four active safety technologies, Pre-Collision System*, Lane Departure Alert, Automatic High Beam and Road Sign Assist are at the heart of Toyota Safety Sense. On top of that, there is, of course, a wide range of additional innovative safety systems. For more information on Auris safety technologies, please refer to pages 44 and 45. Toyota Safety Sense is standard on Auris Luna, Sol and Luna Sport grades.

Road Sign Assist

Toyota Safety Sense's Road Sign Assist monitors the road signs ahead, displaying useful information such as the current speed limit or overtaking restrictions in clear view on the new colour TFT cockpit display. The system also provides a visual and acoustic warning if you are not following the road sign indication.

Lane Departure Alert

Using a camera to detect the lane markings in the road ahead, Toyota Safety Sense's Lane Departure Alert will alert the driver with audible and visual warnings if the vehicle starts to deviate from its lane without the turn indicator being applied – the driver can then take corrective action.

Pre-Collision System*

Toyota Safety Sense's Pre-Collision System uses a camera and laser to detect other vehicles in the road ahead. When the possibility of a collision is detected the driver is alerted with audio and visual warnings, and brake assistance is activated. If the driver fails to brake in time the brakes automatically engage to prevent or mitigate a collision.

Automatic High Beam

Toyota Safety Sense's Automatic High Beam is designed to optimise visibility during night driving for all road users. A camera detects the lights of oncoming vehicles and leading traffic whilst also monitoring the brightness of street lights. It switches automatically between high and low beam for safer night-time driving.

* Technical name: Pre-Crash Safety System.

Aura & Hybrid Aura

Everything you need, and more than you expected. Aura features smart alloy wheels and fog lamps on the outside, and a 3-spoke leather steering wheel inside the car.

Model shown is Auris Aura.

Main features

Aura

- 16" alloy wheels (5-double-spoke)
- Front fog lamps
- 3-spoke leather steering wheel
- Shark-fin antenna
- Follow-me-home headlights
- LED daytime running lights
- Climate control
- Bluetooth® mobile phone connection
- Front power windows
- (Black on Blue) multi-information display
- Multimedia switches on steering wheel
- Radio and CD player with WMA and MP3
- 4 speakers
- Dark grey/black fabric
- Dusk sensor

See page 36 for engine, grade and body type availability.

Hybrid Aura (additional to Aura grade)

- 15" alloy wheels (5-double-spoke)
- Push-button start
- Coloured TFT multi-information display

Model shown is Auris Hybrid
Aurora Touring Sports.

Image shown is for illustrative purposes only.

Luna & Hybrid Luna

Luna radiates modern, dynamic design throughout, with every consideration given to your comfort with features such as cruise control, Toyota Touch® 2 multimedia system with 7" touchscreen and rear-view camera.

Model shown is Auris Luna.

Model shown is Auris Luna.

Main features (additional to Aura/Hybrid Aura grades)

Luna

- Chrome window frames
- Cruise control
- Rear-view camera
- Rear power windows
- Coloured TFT multi-information display
- Toyota Touch® 2 with 7" multimedia system
- 6 speakers
- Black/dark grey fabric
- Toyota Safety Sense
 - Pre-Collision System
 - Lane Departure Alert
 - Traffic Sign Recognition
 - Automatic High Beam

Hybrid Luna

- 16" alloy wheels (5-double-spoke)
- Chrome window frames
- Front fog lamps
- Cruise control
- Rear-view camera
- Rear power windows
- Toyota Touch® 2 with 7" multimedia system
- 6 speakers
- Black/dark grey fabric
- Toyota Safety Sense
 - Pre-Collision System
 - Lane Departure Alert
 - Traffic Sign Recognition
 - Automatic High Beam

See page 36 for engine, grade and body type availability.

Model shown is Auris Hybrid Luna Touring Sports.

Model shown is Auris Hybrid Luna.

Sol & Hybrid Sol

The Sol effect begins from the moment you approach the car, with 17" machine-faced alloy wheels and privacy glass. Heated driver and front passenger seats make every journey a luxurious experience.

Model shown is Auris Sol.

Model shown is Auris Sol.

Main features Sol & Hybrid Sol (additional to Luna/Hybrid Luna grades)

- 17" machine-faced alloy wheels (5-double-spoke)
- Privacy glass on rear windows
- Rain sensor
- Power-retractable door mirrors
- Driver and front passenger heated seats
- Power-adjustable lumbar support on driver seat
- Electrochromatic rear-view mirror

Accessory packs

Chrome pack

1. Rear lower boot garnish

Highlights your car's distinctive rear end with a dash of chrome.

2. Exhaust pipe finisher, for the Auris hatchback

In durable chrome to make a design feature of the exhaust pipe.

3. Side door chrome garnish

The stylish chrome garnish emphasises your car's side contours.

For full details on accessories please contact your local Toyota dealer.

1. Toyota Touch® 2 with Go Plus
Upgrades the Toyota Touch® 2 media system with pan-European navigation and the facility for online travel and entertainment apps.

Accessories

1. Wind deflectors

Available as a front side windows set or a combined front and rear side windows set.

2. Boot liner

Tailored to fit the boot of your vehicle and provide tough waterproof protection against dirt and spills.

3. Mudflaps

Especially shaped to fit the wheel arches of your vehicle. They help protect your vehicle against excessive dirt, mud spray and flying stone chips (not shown).

1.

2.

For full details on accessories,
please contact your local Toyota dealer.

Toyota ProTect

Toyota ProTect is a revolutionary new way of giving your car a showroom finish that lasts and lasts.

1. With Toyota ProTect, there is no need to wax your Auris: it maintains its shine for a showroom finish that lasts.

2. One coating of Toyota ProTect will keep your alloy wheels looking cleaner for longer. The smooth coating prevents brake dust staining.

3. To keep your interior showroom fresh, Toyota ProTect creates an invisible shield to care for upholstery.

Which colour are you?

With a broad range of colours in solid, metallic and pearlescent finishes, you can have your Auris in exactly the colour to suit you. Light or dark, what will you go for?

The fuel consumption, CO₂ and noise values are measured in a controlled environment on a basic production vehicle, in accordance with the requirements of European law published by the European Commission. The fuel consumption and CO₂ values of your vehicle may vary from those measured. Driving behaviour as well as other factors (such as road conditions, traffic, vehicle condition, installed equipment, load, number of passengers, ...) play a role in determining a car's fuel consumption and CO₂ emissions.

Glossary

Discover more about the Auris technology.

Follow-me-home headlights

Activated by the driver for added safety and practicality at night, the headlights remain lit for 30 seconds after parking your car to illuminate your path to the front door.

Dusk sensor

The dusk sensor monitors light levels and automatically switches on the headlights when the light is low.

Standard on all grades.

Rain sensor

The automatic rain sensor instantly sets the appropriate wiper speed and intervals.

Standard on Auris Sol grade.

Brake Assist (BA)

If you attempt an emergency stop, BA will detect this and apply additional brake pressure. This enables ABS to work to its maximum potential.

Anti-lock Braking System (ABS) with Electronic Brake force Distribution (EBD)

ABS prevents the wheels from locking while braking. EBD complements this by optimising brake force distribution between each wheel to compensate for different loads. Together the two systems help you to maintain steering control when braking heavily.

Vehicle Stability Control (VSC)

VSC automatically activates each individual brake as needed and controls engine output to help maintain stability and prevent skidding when turning sharply or cornering on slippery road surfaces.

Toyota Safety Sense

Toyota Safety Sense adds advanced active safety systems for an even safer and more relaxed drive. Four active technologies – Pre-Collision System*, Lane Departure Alert, Automatic High Beam and Road Sign Assist are at the heart of Toyota Safety Sense.

* Technical name: Pre-Crash Safety System.

Traction Control (TRC)

If you accelerate too hard and cause the drive wheels to lose grip and begin spinning, TRC will automatically reduce engine power and control brake force to help restore traction.

Hill-start Assist Control (HAC)

HAC helps to ensure a smooth start on steep inclines by applying the brakes for up to 2 seconds after the brake pedal is released. This prevents the vehicle from rolling back. It is activated by pushing the brake pedal harder after stopping as long as the transmission shift lever is in any forward gear position.

Simple Intelligent Park Assist (Simple IPA)

Simple IPA automatically manoeuvres you into your chosen parking spot whether between two vehicles or behind one. Using ultrasonic sensors on the front side-bumper to identify a suitable parking space, once engaged, the system automatically performs the steering operations. You simply have to control the reversing speed and let the Simple IPA park your vehicle.

Option on Auris Sol grade.

Supplemental Restraint System (SRS) airbags – 7 airbags

This model is fitted with seven airbags. They include driver's knee airbag, SRS airbags for both driver and passenger, side airbags for the front seats, and SRS curtain shield airbags covering both the front and rear seat passengers.

Complete peace of mind with Toyota

Hybrid Service Programme

This is designed for you to enjoy your driving experience with peace of mind. We are pleased to provide Hybrid Battery Extra Care cover* on an annual/ 15,000 km basis (whichever comes sooner) up to the 10th year from vehicle registration date.

Quality Service

Your Toyota dealer will advise you on your car's service requirements. It will need a Health & Safety check at least once every 2 years/30,000 km (whichever comes sooner). An intermediate check is necessary every year or 15,000 km.

Low Maintenance Costs

All Toyota vehicles are designed and engineered to minimise your maintenance costs. This includes fewer parts that require servicing and, equally important, is that Toyota vehicle technology is made easily accessible so that maintenance labour time is less and pricing is competitive.

Genuine Parts

Providing the reassurance of Toyota quality, only genuine and approved components are used on your vehicle. If the vehicle is damaged, its design helps minimise the cost of repair because the most expensive-to-replace parts are deliberately located away from common damage zones. The result is ultimately less expense for parts and labour.

Genuine Accessories

Toyota genuine accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Adding a touch of style, comfort, convenience and practicality, they are tested for exceptional durability to enhance the enjoyment of your new car. All accessories are covered by a 3-year warranty when purchased together with the vehicle[§].

Comprehensive Warranty

Every new Toyota comes with a 3-year/100,000 km vehicle warranty, which covers any defect caused by a manufacturing fault. Transport to the nearest authorised Toyota repairer will also be covered. In addition, a 3-year/unlimited mileage paint warranty protects against defects and surface rust caused by a manufacturing fault. Every new Toyota is covered by a 12-year anti-corrosion warranty (not valid for commercial vehicles) against perforation of body panels caused by a manufacturing fault in materials or workmanship.

Toyota Eurocare

Enjoy peace of mind driving with complimentary Toyota Eurocare roadside assistance in 40 European countries for 3 years. If you experience a problem with your vehicle, Toyota Eurocare offers several possibilities to keep you on the road.

Added Security

Toyota's comprehensive security system withstands the insurance industry's rigorous 5-minute attack test. The alarm system[§] and engine immobiliser are approved by all of Europe's major insurance companies.

* Check with your dealer for specific Toyota Hybrid Service Programme details. [§] Check with your dealer for specific warranty details. [°] Hybrid only.

Toyota Environmental Challenge 2050

Toyota has set out 6 environmental challenges to be completed by 2050.
The objective being to achieve sustainable development together with society.

Challenge 1

New Vehicle – Zero CO₂
Emissions Challenge.

Challenge 2

Life Cycle – Zero CO₂
Emissions Challenge.

Challenge 3

Plant – Zero CO₂
Emissions Challenge.

Challenge 4

Challenge of Minimising
and Optimising
Water Usage.

Challenge 5

Challenge of Establishing
a Recycling-based Society
and Systems.

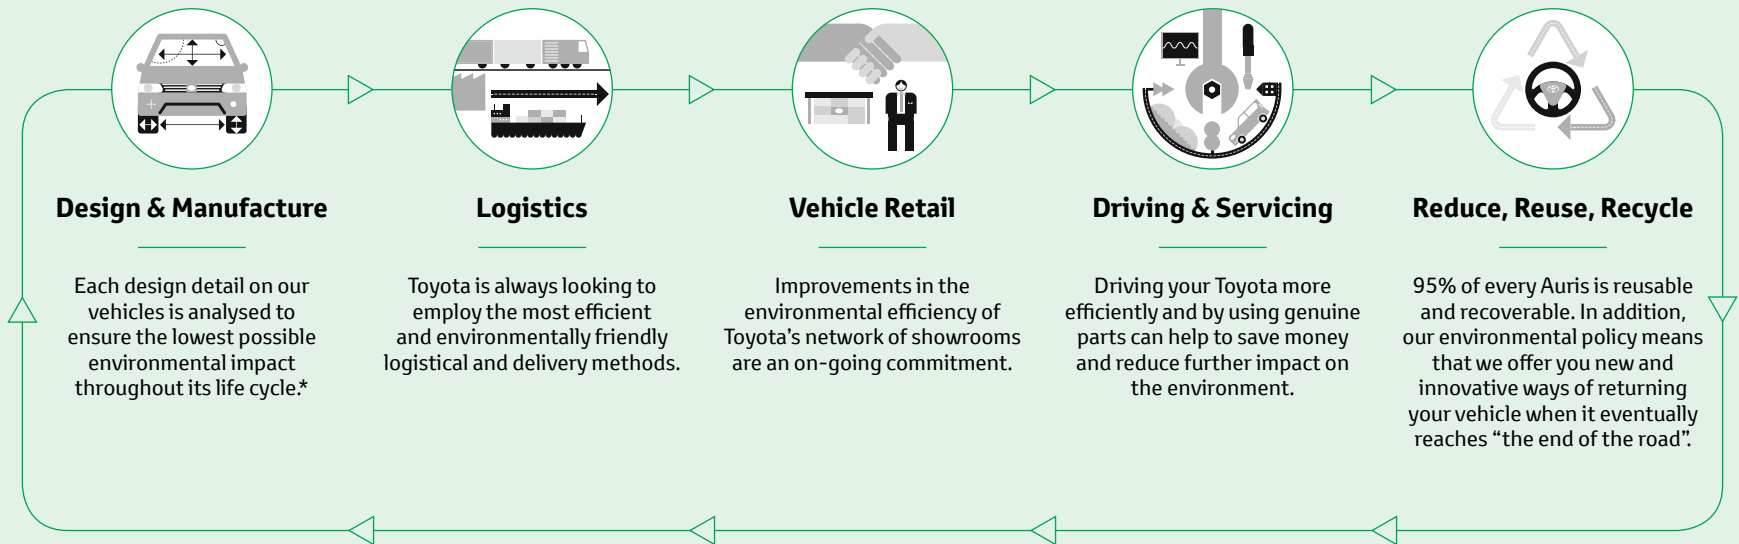

Challenge 6

Challenge of Establishing
a Future Society in
Harmony with Nature.

Toyota's Lifecycle Approach to Environmental Issues

Toyota has been working on developing sustainable mobility for many years, driven by our vision of zero emissions and zero waste.

* The Life Cycle Analysis for the Toyota Auris (engine type 1ND-TV) compared to an equivalent model, shows a reduction in emissions of the following pollutants: 26% in CO₂ (Carbon Dioxide), 48% in NO_x (Nitrogen Oxide), 13% in SO_x (Sulphur Oxide), 45% in PM (Particulate Matter) and 25% in NMHC (Non-Methane Hydrocarbons).

Toyota's LCA methodology, which is applied to our passenger vehicles was reviewed and approved by TÜV Rheinland and has been certified to comply with ISO14040/14044 standards.

The Toyota Auris is built to the highest quality standards at TMUK in Burnaston, United Kingdom.

BUILT FOR
A **BETTER**
WORLD
